Information For Students

Although final grades for the current term may be present on your unofficial academic record, they will NOT be posted to your official academic transcript until ONE WEEK after final grades are due. When viewing your cumulative totals, it is possible that your current term and/or cumulative GPA information will change once your final grades are posted to your official academic transcript and the Office of the University Registrar has finished end-of-term processing, i.e., adjustments to repeated classes and incomplete grades.

To view previously produced reports, click on the "view all requested reports" button. Previously produced reports are retained for one month.
