

SWEET REMINDERS

Historical recipes from the Hower Family

Fall back in time and learn techniques of candymaking as we bring to life Akron's past. Using recipes from the Hower family from the early 1900s we will explore the process of bringing a food product to market, including testing and finalizing candy recipes, designing packaging and labeling, branding and sales. This experience is a companion to the [Un]class "Meals and Manuscripts at Hower House: Digital Projects in the Archives" however students may register for this class independently.

7760:421 Special Problems in Dietetics

1 credit

Wednesdays 2-4pm 8w1 session only

Instructor: Amy Stevens
