## FIND YOUR *Passion* HERE

**Akron Law gives you the classroom instruction, tools and expertise you need to succeed in any area of the law.** Our popular Trial Advocacy program, ranked among the top 50 in the country by U.S. News & World Report (2020), prepares students — both in the classroom and the courtroom — to become skilled and confident litigators and advocates.

Our Intellectual Property (IP) Law program — the only top-50 IP program (U.S. News, 2020) with annual tuition less than \$25,000 — is among the most comprehensive in the nation, with 30 IP-related courses and two attorney-

supervised IP client clinics. Students interact with the Akron Law IP Advisory Council, a body of IP experts from around the world. They also participate in events including the annual IP Symposium, IP Scholars Forum and lunch-and-learn sessions with distinguished IP practitioners.

Akron Law students interested in exploring non-U.S. legal systems can take advantage of our expanding international and comparative law curriculum, visiting foreign scholars, study abroad opportunities, and the chance to learn alongside foreign lawyers enrolled in our two-year international J.D. program.

Our programs in Criminal Law and Constitutional Law have a longstanding record of preparing students for successful careers as prosecutors, defense attorneys, and government and public-interest lawyers.

At Akron Law, we strive to instill in all our students a passion for justice and a desire to serve underrepresented populations. Our popular social justice initiatives, including the Social Justice Fellows program, offer support to students interested in pursuing a career in this area.

**Akron Law offers students an array of experiential learning opportunities, including seven live-client clinics, three legal-skills teams and more than 20 student organizations.**

In our nationally recognized Reentry Clinic, students help low-income clients overcome various impediments to employment, such as getting

their driver's license reinstated or obtaining a Certificate of Qualification for Employment.

Our Immigration Law Clinic provides students the powerful experience of working one-on-one with detained asylum-seeking clients and advocating before an immigration court judge on cases of profound consequence.

Our Trademark Clinic is one of a handful throughout the country specially designated by the U.S. Patent and Trademark Office to allow law students to prosecute trademark applications.

Members of our legal-skills competition teams master practical lawyering skills while

earning course credit. Our trial advocacy teams have won four national championships and 19 regional titles. Our moot court and client counseling teams earned Akron Law a top-10 position in the American Bar Association Competitions Championship 2018-19 ranking.

Another option for future litigators is our Summer Trial Academy. Students work together with prominent lawyers and judges over an intensive two-week period culminating in trial simulations before sitting judges in real courtrooms.

## Enhance YOUR CREDENTIALS

**Akron Law is known for the many opportunities it provides for professional growth and enhancing your credentials.**

Our students participate in summer internships to gain crucial legal experience. Our dozens of externships allow students to earn course credit while working in a corporation, nonprofit organization, court or government agency.

Through our joint degree programs, students can supplement their J.D. degree with an advanced degree in another discipline, such as Business Administration, Taxation or Applied Politics. Students pursue the two degrees concurrently and transfer credits

between programs, enabling them to finish both degrees in a compressed time span and at a lower cost.

Students can also enhance their credentials by earning a Certificate in Intellectual Property Law, Litigation, Health Law, or Constitutional Law — without adding any extra time or cost. Those seeking even more intensive specialization in IP Law can earn a Master of Laws in Intellectual Property (LL.M.) either as a joint or stand-alone degree.

Exceptional students from each incoming class will be invited to join Akron Law's prestigious Honors program. Honors Scholars take a special

## Succeed IN YOUR JOB SEARCH

**When it comes to student support, not all law schools are created equal. Akron Law offers a host of academic support services that begin even before the first day of class and continue until you pass the bar exam.**

Once regular classes begin, our Academic Success professionals — together with Academic Success Fellows,

recruited from among the top-performing students — host individual and group study sessions, lead skills-based workshops, and provide critical resources such as practice exam questions.

To prepare you to pass the bar exam, we have partnered with bar review leader BARBRI to provide every student with additional, tailored support services throughout their time at Akron Law. This includes new and enhanced courses, diagnostic tests, voluminous study resources, and the traditional post-graduate bar review course, all at no extra cost.

Our “ultimate bar passage” rate — meaning the percentage of graduates who pass a

U.S. bar exam within two years of graduation — is around 90% each year.

In addition to helping you pass the bar, we also prepare you for a successful career. Our Office of Career Services hosts around 50 prominent employers for interviews each year and provides access to our extensive national network of alumni and employers.

In fact, the employment rate of our graduates, assessed at 10 months after graduation, has consistently exceeded 90% in recent years, topping the national rate of about 88%. For our IP Certificate holders and J.D./LL.M. graduates, the employment rate is consistently at or near 100%.

**At Akron Law, we take pride in offering a flexible, affordable and accessible legal education.**

Our yearly tuition is below \$25,000 for all students. We award several million dollars in scholarships each year — and, unlike some law schools, our scholarships are guaranteed for three years in our full-time

program or four years in our part-time program, as long as you remain in good standing. Equally important, our graduates' law school debt continues to rank among the lowest in Ohio.

We are the only law school in the state to offer entering J.D. students the option to begin in the spring, summer or fall semester. The admissions criteria, tuition and basic curriculum are the same no matter which start time you choose. That also applies to students in our part-time studies program, which was ranked highest in Ohio and tied for 37th best in the country by U.S. News & World Report in its 2020 rankings.

Our students come from diverse backgrounds and bring a variety of interests and experiences. When they arrive here, however, they all become part of the Akron Law family—a mutually supportive community of students, faculty, staff and alumni whose common bonds unite them for a lifetime.
