

PI instructions: Discuss this form with your Chair/Dean in advance of proposal preparation so you know whether the proposal needs review by the Director(s) of Research. If review is required, please submit this completed form to your ORA Sr. Grants Coordinator three (3) weeks prior to the due date with a draft budget, budget justification, summary scope of work (or draft abstract), and rationale for exception. Please read carefully and answer each question below.

1. Does the proposal require cost-sharing or matching funds? Yes No

See [Cost-share explained](#), including academic year time and tuition.
If yes, PI is required to submit the completed [Cost-Share Institutional-Approvals Form](#), with the full proposal, on or before the proposal submission deadline.

2. Does the proposal’s funding source allow academic year salary, full IDC, and tuition OR appear in the pre-approved sponsors list below? Yes No

Akron Community Foundation	Martha Holden Jennings Foundation
American Chem. Soc. Petroleum Res. Fund (ACS-PRF)	National Geographic Society
American Heart Association (AHA)	Ohio Dept. of Natural Resources (ODNR)
American Assoc. of Anatomists	Ohio Dept. of Transportation (ODOT)
Bill and Melinda Gates Foundation	Ohio Sea Grant Program
Burton D. Morgan Foundation	Ohio Soybean Council/United Soybean Board
Cleveland Foundation	Peg’s Foundation (formerly Margaret Clark Morgan Foundation)
GAR Foundation	Robert Wood Johnson Foundation
Keck Foundation	Sloan Foundation
James L. and John S. Knight Foundation	U.S. Geological Survey (USGS)
Any agency for which the proposal total budget is under \$40,000 and the budget requests 2:1 buyout salary for the PI or Co-PI(s) (if salary is requested)	

- Even though an agency is on the pre-approved list, the proposal budget is expected to include the items (IDC, Academic Year (Buyout) Salary, and Tuition) required by the Externally Funded Proposal Submissions policy that the agency allows. Sponsor costs that are unallowable are not to be budgeted or cost-shared.
- If your agency is not on this list, then you must apply the checklist below to determine if the proposal must be reviewed.
- The pre-approved list is based on the current practices of each agency as of March 2019 and are subject to review if the agency changes (or if the agency has a new program that doesn’t follow the agency’s standard practices).

If the answer to #2 is yes,  here. This proposal may be submitted through the ORA without further review.

If the answer to #2 above is no, **all** of the following questions must be answered.

Answering No to any of the following questions requires pre-proposal review.

Submit this completed checklist and its required attachments three weeks prior to the sponsor’s due date.

3. Does the proposal include IDC greater or equal to the rate required for the class of proposal? Yes No

IDC rates by Proposal Class (See [IDC Rates](#))

52% Research: infrastr+admin	10% Training, IUCRC
35% Service: admin	8% US Dept of Ed & HRSA
35% Testing: admin+infrastr	0% Equipment, gifts, fellowships
26% off campus, CIGA	

4. Does the proposal budget include \$5,000 partial tuition per year/per student of tuition waiver for graduate or undergraduate students on assistantships? Proportional tuition is acceptable, i.e., ½ GA = \$2,500.	Yes	No
5. Does the budget include salary for the PI and Co-PI(s)? Usually this is summer salary. In rare cases, an academic year stipend may be paid to the PI and is considered the same as summer salary for buyout requirements.	Yes	No
5a. If yes, does the proposal budget include \$1 of buyout salary for every \$2 of PI/Co-PI salary?	Yes	No

PI Name: _____ Proposal Due date: _____

Sponsor
and RFP#:

If flow-through funding:
Sponsor
and RFP#:

For RFP(s), URL is preferred if available.

The following items are included:

- _____ this completed PI Proposal Review Checklist;
- _____ draft budget and budget justification, including cost share information;
- _____ summary of scope of work or draft of abstract; and
- _____ rationale for why the proposal should be allowed to go forward to the funding agency as an exception to UA rules for funded research and other sponsored programs.

Examples of points for rationale that may be relevant in a request for an exception include:

- Funds from other UA accounts may offset missing IDC or tuition or buyout salary
- Significant Broader Impacts of the proposed research
- Potential for IP and patents to be generated
- Exceptional engagement of undergraduate or graduate students in research
- Special circumstances that make the project extraordinarily valuable to UA (e.g., untenured faculty member, unusual research area, long term prospects, multidisciplinary project)

This checklist accompanies Externally Funded Proposal Submissions Policy: (See [ORA-00-08 Externally Funded Proposal Submission Policy](#))

- For all new proposals, for every two dollars allocated to PI (or co-PI) salary (any salary, summer or otherwise), one dollar is required to be allocated to academic year (“buyout”) salary.
- Every new proposal (a) with less than full IDC, or (b) that does not include tuition of \$5,000 per student per year, or (c) that does not include academic year (buyout) salary will be reviewed by the Exec. VP/Chief Academic Officer or Director(s) of Research. Based on management and budget decisions, the proposal may or may not be allowed to be submitted.
