Notes:

This Transfer Pathway represents one example of how to complete an associate and bachelor degree. Students should work closely with advisors at both institutions on the selection of courses to assure completion of the bachelor's degree in four full time semesters.

This pathway awards maximum credit for an associate degree from Stark State College (SSC), streamlining completion of a bachelor's degree from The University of Akron (UA). The pathway identifies 60 transfer credits to UA from SSC that would complete the AS degree—and also fulfilling most of UA's core requirements and guaranteeing junior status.

A Stark State advisor can also assist students with developing a graduation plan for full- or part-time study.

UA's Domestic Diversity requirement is addressed by SSC's SOC 225 Cultural Diversity course.

Students will complete UA's Critical Thinking requirement with one of the following SSC courses:
PHIL 122 or HIS 221 or HIS 222
