Notes:

This Transfer Pathway represents one example of how to complete an associate and bachelor degree. Students should work closely with advisors at both institutions to discuss options.

This program awards maximum credit for an associate degree from Stark State College, streamlining completion of a bachelor's degree from The University of Akron (UA). A maximum of 62 credits transfers to UA from SSC for your AA degree, fulfilling most of UA's core requirements and guaranteeing junior status

A Stark State advisor can also assist students with developing a graduation plan for full- or part-time study.

As part of UA's Bachelor of Arts requirements, students must demonstrate foreign language competency through the intermediate level

It is recommended for students to use their elective hours at Stark State to explore pursuing a double major or minor using TAG approved courses. Students should work with a UA advisor to identify a double major or minor.

Upper Level Sociology courses at UA can be used to fulfill the Gen Ed Complex Systems and Diversity courses.
