

3359-60-02 Undergraduate admissions.

- (A) Admissions process. Students shall be charged fees and/or tuition and other fees in accordance with schedules adopted by the board from time to time. The university of Akron operates under a policy of “rolling admissions” which means that successful applicants for admission receive a letter of admission as soon as all credentials are processed and have until May 1 to accept the offer of admission. The university reserves the right to enforce a deadline for applications and admission, and to not consider applications received after such deadline. After August 1994, admission procedures will vary for: recent high school graduates, adult students, transfer students, postbaccalaureate students, special students, guest students and international students.
- (1) A prospective student who has been graduated from a regionally accredited Ohio secondary school and takes one of the college entrance tests is eligible to enroll. An applicant may submit scores from either the “American College Testing Program” (“ACT”) or from the “Scholastic Aptitude Test” (“SAT”) of the “College Entrance Examination Board.” An out-of-state applicant who meets the above requirements may be admitted upon the basis of the quality of the applicant’s secondary schoolwork and standing in the entrance tests.
 - (2) Admission is necessarily limited by the university’s capacity to provide for student’s educational objectives. The university reserves the right to approve admission only to those individuals whose ability, attitude and character promise satisfactory achievement of university objectives.
 - (3) Effective August 1, 2001, all successful applicants will be admitted under one of three admissions categories:
 - (a) Direct admission to a degree-granting college:

Individual degree-granting colleges have established college-wide or individual departmental criteria for direct admission into the college. These criteria include minimum high school grade average, test scores, high school class rank, and curriculum pursued.

- (b) Standard admission to university college or to Summit college:

Students will be admitted directly into university college or Summit college upon submission of credentials which certify the following criteria:

- (i) Completion of the fifteen unit college-preparatory curriculum recommended, including four units of English, three units in mathematics, three units in the natural sciences, three units in the social sciences, two units of foreign language; and

A high school grade-point average of 2.3 or more; and a minimum "ACT" score of sixteen (or minimum math and critical reading "SAT" score of 650).

- (c) General admission to Summit college's student success program. In order to ensure student success, all successful applicants who do not meet the above criteria will be admitted with conditions. Each conditional admittee will be required to complete a set of prescriptive courses and/or activities within the first year of enrollment as a condition for further enrollment. Such prescriptive courses and/or activities may include: completion of developmental coursework, tutoring, advising sessions, and achievement of standards for progress.

(B) Admission requirements.

- (1) Recent high school graduates. Students (age twenty or younger) who have graduated from high school less than two years from the date of first enrollment at the university of Akron or have earned a G.E.D. Effective fall semester, 1994 or thereafter, recent high school graduates will be admitted under one of three admissions categories:

- (a) Direct admission to a degree-granting college:

Students may be admitted directly into individual degree-granting colleges where such students can demonstrate that

they have met established college-wide or individual departmental criteria for direct admission into the college. These minimum criteria will include but are not limited to high school grade average, test scores, high school class rank, and curriculum pursued.

- (b) Standard admission to university college, Summit college or Wayne college:

Students will be admitted with standard status directly into university college, Summit college, or Wayne college upon submission of credentials which certify the following criteria:

Completion of the recommended fifteen unit college-preparatory curriculum, including four units of English, three units in mathematics, three units in the natural sciences, two units of foreign language; and

A high school grade-point average of 2.3 or more; and a minimum "ACT" score of sixteen (or combined "SAT" math and critical reading score of 650).

- (c) General admission to Summit college's student success program. In order to ensure student success, all successful applicants who do not meet the above criteria will be admitted with such conditions as the university may require from time to time, including but not limited to a set of prescriptive courses and/or activities within the first year of enrollment as a condition for further enrollment. Such prescriptive courses and/or activities may include: completion of developmental coursework, tutoring, advising sessions, and achievement of standards for progress.

- (d) A recent high school graduate should apply for admission as follows:

- (i) Apply online with the option of paying the one-time nonrefundable application fee online with a mastercard, visa, or discover credit card at

“<http://www.uakron.edu/admissions/onLineApplicants.php>” , or obtain an application form from the “Office of Admissions, The University of Akron, Akron, Ohio 44325-2001.” The form must be completed and returned with the application fee. All checks/money orders should be made payable to “The University of Akron” and should specify what fees and the name of the student for whom payment is being made. For online applications, students must submit the “Signature Verification Form” and the application fee if not paying online.

- (ii) At the time of application, the student must send a high school transcript or G.E.D. score to the office of admissions. This record must be received and evaluated before any admission action can be taken by the university.
- (iii) Take college entrance tests. Arrangements can be made through the student’s high school to take the “ACT” or “SAT”. (The university of Akron’s counseling and testing center serves as a testing site for the “ACT” test.) Test scores must be submitted before an applicant can be formally admitted to the university.
- (iv) The university requires enrollment in basic mathematics and/or English if the student’s academic adviser determines that deficiencies exist in one or both of these areas. This recommendation will be based on the following: work completed at a previous institution in mathematics and/or English, high school academic record (if applicable), standardized test results (“ACT” or “SAT” if available), and test results. If a mathematics or English placement test is deemed necessary to comply with this policy, the student must take the appropriate placement test(s) by the completion of the first term of attendance. Arrangements for the mathematics test must be

made through the testing center; arrangements for the English test must be made through the department of developmental programs; and, test scores must be interpreted through the dean of the university college two days after taking the appropriate tests. Failure to take the required test(s) prohibits enrollment in college-level mathematics and/or English courses.

If a mathematics or English placement test is deemed necessary to comply with this policy, the student must take the appropriate placement test(s) as part of his/her new student orientation program. Students seeking admission into these colleges, departments or programs must meet the requirements of the respective college, department or program as the situation may warrant.

- (3) Admission procedures and requirements of the degree-granting colleges, any departments which have admission procedures and requirements, or certain certificated programs are subject to change from time to time when recommended by faculty senate and approved by the board of trustees. The university of Akron requires all students for whom English is not the native language to take the “Test of English as a Foreign Language” (“TOEFL”) the “International English Language Testing System” (“IELTS”), or the “Michigan English Laboratory Assessment Battery” (“MELAB”). “TOEFL” applications may be obtained from bi-national agencies, “United States Information Service” (“USIS”) offices, or from the “Educational Testing Service” (“ETS”). The “IELTS” is jointly administered by Cambridge (“ESOL”), British Council and IDP Education Australia. The “MELAB” is a secure test battery, and is administered only by the ELI-UM and ELI-UM authorized official examiners in the United States and Canada. Undergraduate students must achieve a minimum “TOEFL” score of 173 (61, internet based, 500 paper-based test), a minimum “IELTS” score of 6.0, or a minimum “MELAB” score of 69.

Immigration regulations prevent the student from earning any substantial portion of these funds while studying in the United States. There are virtually no scholarships available to undergraduates from abroad, although a graduate student may request and receive financial aid through fellowships and graduate assistantships. A graduate student interested in applying for this aid should request the necessary forms at the time of application for admission to the graduate school. Each international student will be held responsible for obtaining and maintaining appropriate health and accident insurance coverage while enrolled at this institution.
