

3359-25-02 Parenthetical sub-titles.

When the university of Akron determines that the positions classified under any one classification include a greater variety of duties and skills than could be tested by a single uniform examination, the university of Akron may establish parenthetical sub-titles to indicate the specialized nature of positions within the general classification. Such parenthetical titles shall describe the duties performed and shall not operate to alter the pay range assignment of any employee. The university of Akron shall not require any employee to submit to an additional examination due to an assignment of a parenthetical sub-title to that classification.
